

A6

Take your time .

Time is our most precious resource. We want you to be able to enjoy yours more. Just like the new Audi A6, this brochure makes your life easier, wasting none of your time by clearly presenting content as a series of moments. Take your time and discover how the Audi A6 can help you get the most out of it.

Design
that makes things stop.

The new Audi A6 breaks new grounds from smart assist systems to an innovative display and operating concept.

This is your Time. Audi is more.
The new Audi A6.

Experience a sporty yet more comfortable and relaxed drive and open up possibilities for the things that really matter.

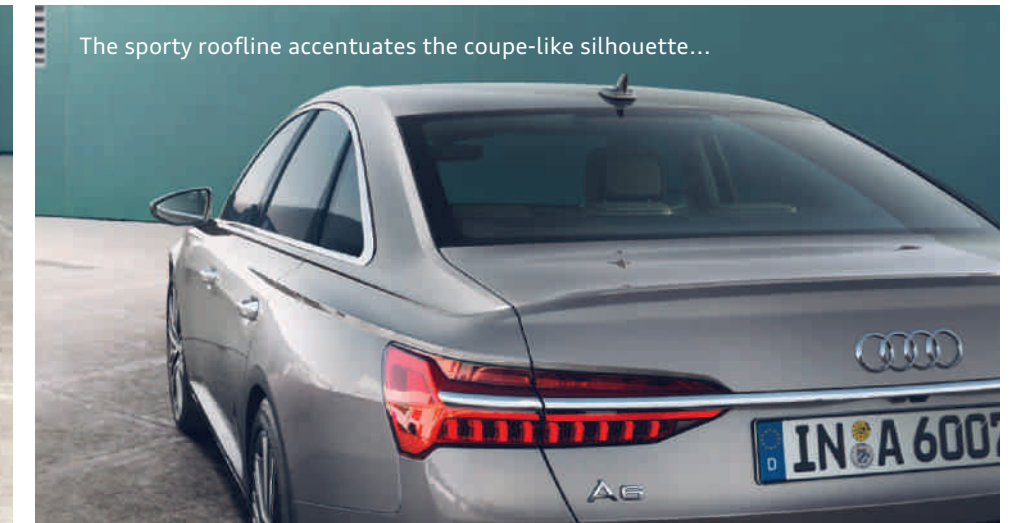

You cannot increase time,
But you can make time for yourself.

Return to yourself. Just like the new Audi A6. Impressive design typical of Audi architecture, recognizable by the deep, sporty shoulder line and the flatted wheel arches giving the side of the new Audi A6 the look of flexing its muscles.

The upright and wide Singleframe gives the new Audi A6 the progressive dynamics quintessential of an Audi.

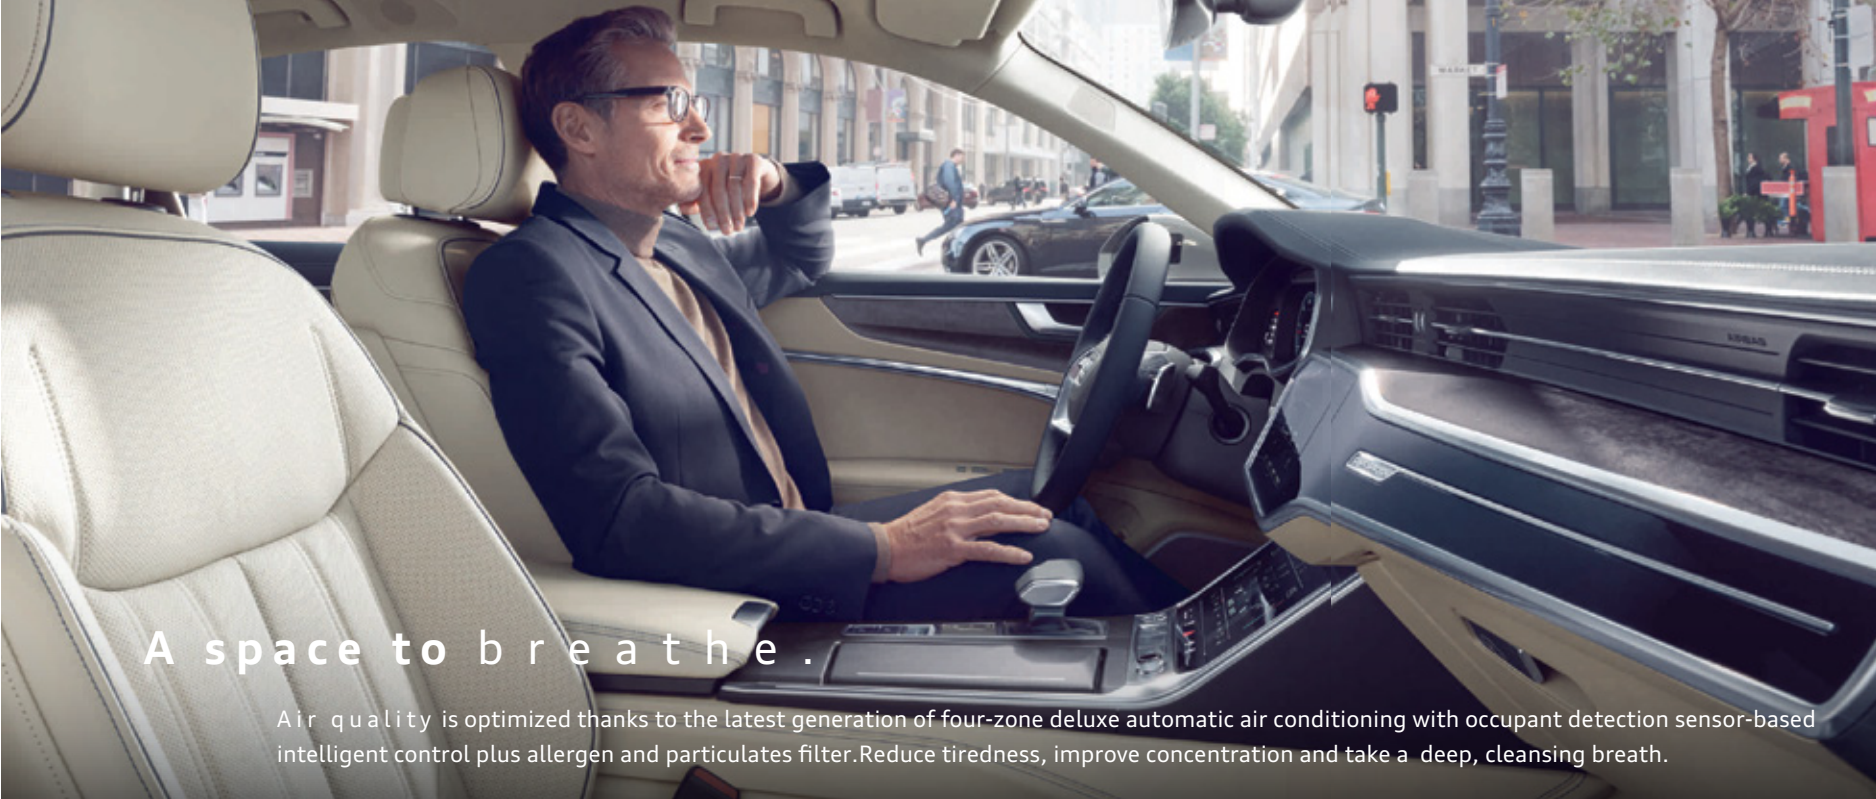

The sporty roofline accentuates the coupe-like silhouette...

This is where you make up time .

Tailor your driving time to your expectations. With Audi Multi Media Interface navigation Medium with touch response, you can choose what driving information is displayed on the high resolution 8.8 inch HD top and 8.6 inch bottom displays. Haptic feedback on the touchscreen confirms each selection and gives you a quick intuitive way of operating all functions to save your valuable time.

A space to breathe.

Air quality is optimized thanks to the latest generation of four-zone deluxe automatic air conditioning with occupant detection sensor-based intelligent control plus allergen and particulates filter. Reduce tiredness, improve concentration and take a deep, cleansing breath.

Noticeably more possibilities. MMI touch response allows to control many features of your Audi A6 intuitively via a high-resolution 10.1-inch HD touch display. As easy to operate as your smartphone. And with haptic feedback confirming each selection, you can safely use the system even while driving.

Enjoy the moment. No matter where you are.

Forget about time. Time is on your side. Not only can you use your time more effectively with the Audi A6, you can also explore new things with the time you save. Give yourself some free time.

A6 Saloon

10/11

Change the times. And the possibilities.

The new Audi A6 offers you more while using less. Thanks to powerful 48V (six-cylinder) and 12V (four-cylinder) electrical systems, more braking energy is stored through recuperation. The belt alternator starter makes this energy supplement that of the combustion engine – for example when the car is started or by electrically releasing additional torque.

The new A6 with the powerful six-cylinder petrol engine comes with quattro permanent all-wheel drive. The 3.0 TFSI turbocharged engine produces 250 kW (340 hp) and delivers 500 Nm of torque over a broad band from 1,370 to 4,500 rpm. It sprints from 0 to 100 km/h in 5.1 seconds, top speed is 250 km/h.

The Audi A6 front wheel drive comes with a powerful 2.0 TFSI petrol engine delivering 180 kW (245 hp) and high torque at 370 Nm.

An eye for the moment.

Everyday there are certain decisive moments. For example, when you arrive home. The optional coming home/leaving home function with dynamic light sequencing turns getting to your Front door into an illuminating experience. And the journey home itself can become a unique moment with the contour ambient white lighting package that bathes your interior (30 colors optional).

Get more out of the day.

The HD Matrix LED headlights offer you outstanding illumination of the road at night. Thanks to fully variable light control, you will enjoy cornering light and automatic dimming for oncoming traffic. Dynamic indicator and running lights provide innovative visual highlight. Be unmistakable throughout the day and don't stop even after the sun goes down.

More exceptional.
With A6 design and Audi design selection.

The A6 design line allows you to create striking accents that reflect your personality. Make an exceptional car even more exceptional. This can be stylishly achieved with the Audi design selection, which offers an attractive range of special materials and colors for the interior. High-quality inlays in conjunction with fine leather upholstery and trim and attractive contrasting stitching lend the interior an exclusive ambience.

01 A6 design – cast aluminium wheels in multispoke design (illustrated here : Cast aluminium wheels in 5-V-spoke design, contrasting grey, partly polished), diffuser insert in titanium black, matt, diffuser clip and tailpipe look in chrome – chrome inserts in the door handles – Side air inlet grilles in matt black with inserts in chrome

02 Audi design selection – Interior elements in artificial leather, armrest in pearl beige with contrasting stitching in agate grey, door rail in granite grey with contrasting stitching in rock grey, centre console – inlays in fine grain birch natural agathe grey

03 Audi design selection – illuminated door sill trims with aluminium inlays, front and rear
